Cafeteria Corner:

Thank you to all of the students and adults to whom we have served breakfast or lunches this year and to the helpers who have come in to work with our staff: we appreciate you and hope to see you next school year. Thank you for participating in our program.

On Thursday, May 11, I attended an NSLP Directors' meeting and was informed that some of the meal program rules have recently changed. The school will no longer be penalized for students/adults who share parts of their meals. Previous to this announcement, we took this rule very seriously because we were told that we could have been shut down or at the very least, fined, if this took place. We are very happy to see this change and hope that this will lessen the amount of food waste in our cafeteria.

On behalf of our staff, we wish you a blessed, healthy, and happy summer.

Mrs. Charlene Dills, NSLP Director for SHS

Dear Families:

You have entrusted us with your children and we have been blessed by each one of them. Thank you for partnering with us this year as we worked together for the good of these precious children. To each family, you have brought special blessings to our school...to those who are going on to other schools, we wish you well and may God go with you. To all of the families who plan to stay here and work with us again, we'll be looking forward to seeing you in the new year when we can once again join our efforts and help your children live, love, learn, and serve through Jesus. Have a blessed summer.
