The Diabetes Management Class scheduled for Sept. 15 has been cancelled due to weather conditions. We'll try to reschedule later.

DID YOU KNOW? Children who regularly eat meals with their families tend to do better in school and avoid risky behavior. Eating dinner together is great, but other meals count too. If you work at night, maybe you could make time for a family breakfast. Or, on a weekend, try a picnic lunch.

Parents/Guardians:

Thank you to everyone for participating in the TEST TEXT that I sent out on Tuesday evening. We have received several additional cell phone numbers and will do our best to get those into our RENWEB system today and tomorrow.

This newsletter is being prepared by noon today, Wednesday. I understand that there will be an advisory from the Hurricane Center at 2:00pm today. If their prediction is that we will have heavy rains and/or winds 30-40+ mph, we will cancel classes for Friday. Our grounds are saturated now, and we do not want to place you, our families, in unsafe driving conditions.

We've cancelled the Diabetes Management Class that was to be held Saturday in our gym.

We may still have the All School Mass on Sunday, Sept. 16, depending upon the weather. I will do my best to send out a Parent Alert and post it on facebook and on our website. It's the 9:00am Mass and students wear their dress uniforms and sit with their teachers.

Stay safe and pray for those going through the effects of these current storms...may they take the correct precautions and keep their families safe.
